Remarks/info/bugs:
Workload: ASP.NET and web development
Optional: Additional project templates (previous versions) => doesn't tick anything but seems to add new templates because the "Total space required" increase.

Workload: .NET desktop development

Optional: Blend for Visual Studio => doesn't tick anything. The reason is that it's an additional application (VS Blend) and is not a part of VS.

Workload: .NET desktop development
Optional: MSIX Packaging Tools => doesn't tick anything.

Workload: Desktop development with C++
Optional: MSVC v142 - VS2019 C++ x64/x86 build tools (v14.29) => doesn't tick anything but seems to add new templates because the "Total space required" increase.

Workload: Mobile development with C++
Optional: Android NDK (R21E) => doesn't tick anything but seems to add new templates because the "Total space required" increase.

Workload: Office/SharePoint development
Optional: Windows Identity Foundation 3.5 => doesn't tick anything but seems to add new templates because the "Total space required" increase.
